Evening in Perth with Philippe Karl!**

'Teaching a Language' is a 2 DVD set showing you how to train **any** horse in his Classical Principals of Dressage. Part One: 'Communication, Balance & Impulsion' and Part Two: 'Neck Extension in Motion'. Watch as he works with 5 unknown horses to improve their movement and balance by understanding the individual needs of each horse.

'Modern Equestrianism' is a rare and candid interview with Philippe Karl sharing his ideas of the culture and art of Dressage ~ with never before seen footage of his famous stallions Verdi and Odin from the Cadre Noir in France.
